# LET'S TALK ABOUT

BRINGING YOUR BRAND TO LIFE

Captivate and engage your audience with PEP, enhancing your brand experience to create a stand like no other. With extensive global experience, we ensure we bring a seamless, innovative solution to your exhibition.

Across worldwide exhibitions, we have proven success in blending expertise with show stopping creativity across worldwide exhibitions. With a range of the highest resolution flexible and flat LED, we transport your audience from the confines of the expo hall to the very heart of your brand in an award winning way.

Working in close partnership with you, our team can create powerful digital content for your stand, from attention grabbing graphics to stunning videos and the best of your business will be showcased in high brightness.

# LET'S TALK ABOUT

HOW TO ENGAGE THE WHOLE ROOM

**01**  
—

High resolution LED is an impressive addition to any indoor project, and every year we are seeing more creative and dynamic applications across a wide range of events.

**02**  
—

Our exceptional indoor screen range paves the way for a successful project, whether it's bringing your brand to life at an exhibition, engaging the whole room at a corporate event or elevating your winners at an awards ceremony.

**03**  
—

With our ultra low pixel pitch modular LED products, and our new 1.8mm, we are fully equipped to take your indoor event to new levels. We stock only the newest technology, ranging from 1.5mm to 3.9mm.

**04**  
—

Our product range caters to innovative ideas such as curved designs or loor/ceiling installations, we can work to your plans and designs.

# LET'S TALK ABOUT

## ENGAGING YOUR AUDIENCE

The retail industry has taken a big hit since the pandemic and it's now more important than ever to get people back into town centres and shopping centres.

Our high resolution LED is the perfect solution to brighten your store front, advertise in store, and support seasonal campaigns.

With both rental and purchase options available, we are here to assist you.

**LOOKING FOR SOMETHING TO BRING  
YOUR STORE TO LIFE?**

## DEDICATED IN-HOUSE PRODUCTION TEAM

**Our production team,  
technicians, and staff  
will be with you every  
step of the way.**

With PEP, you can entrust our teams to work with you to provide a worry-free event. Staff and technicians with in-house training provide a more efficient, streamlined, and rapid process.

**We have the expertise and teams to construct  
and help bring your vision to life.**

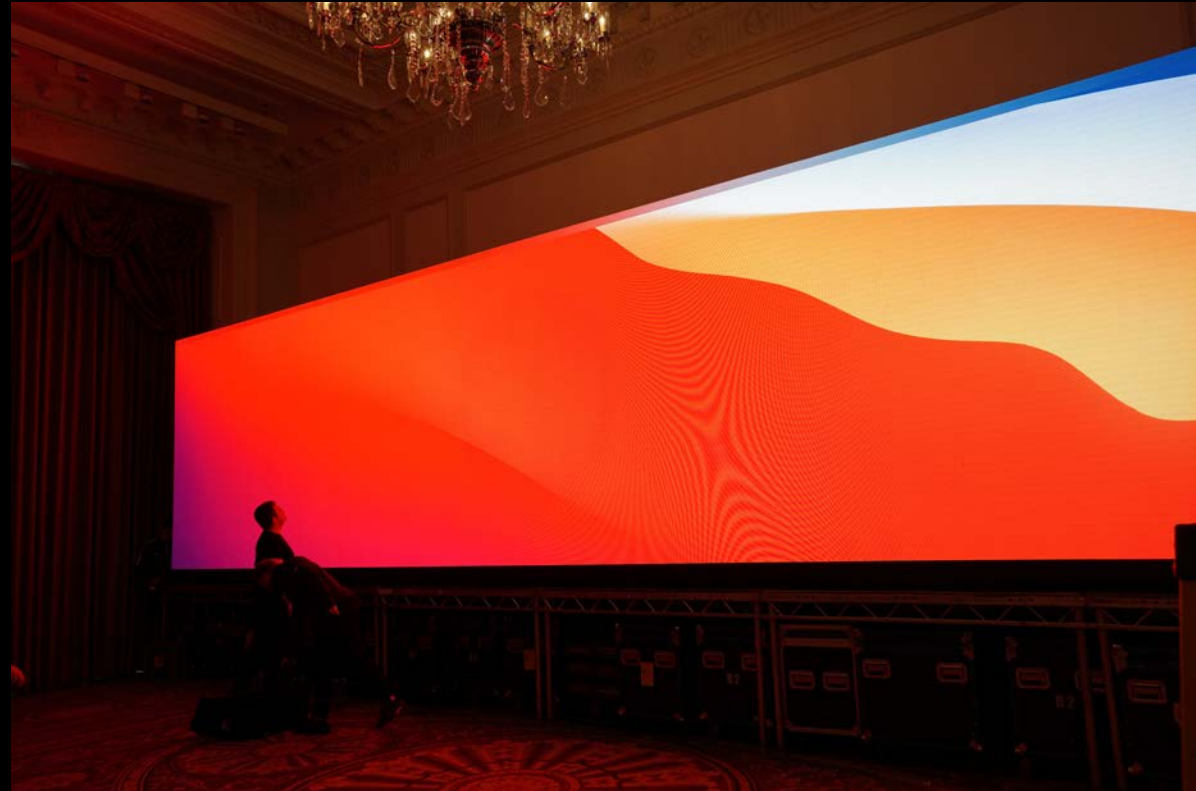

*our expert technical staff  
provide first-rate  
assistance at every stage.*

## BRINGING YOUR IDEAS TO LIFE

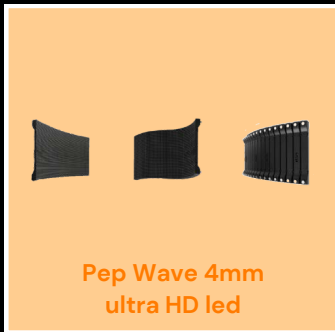

For us, the thrill lies in meeting our customers' challenges head-on, creating innovative solutions and exceeding expectations.

- Our in-house skillset ensures a guaranteed swift service, seamless troubleshooting and highly competitive costs.
- Our highly experienced technical team offer world-class backup and support, from installation and commissioning through to production, LED repair and event direction.
